Winter Rallies

Tom Hart is planning a winter cruise in November. Below is my edited version of his e-mail correspondence.

"Antipodean" Solent Cruise

As everything is just a state of mind and its summer in Aus, I suggest we call the projected meet at Cowes on 9-10th November by the above name!

(H.W. Portsmouth 1409, on Saturday)

The idea of Cowes is to make use of the facilities available, given the early nights, etc.

Any suggestions welcome about which marina/other venue would be appropriate. Otherwise, we would have to link up by mobile to whoever gets there first and identifies as a good position.

Fallback in the event of difficult weather would probably be Chichester Harbour.

Just in case any else is interested in joining him, David Sumner hopes to be sailing from Itchenor this Sat, 19 Oct.
